**ILLUSTRATED LECTURE ON THE ISLE OF JAVA**

Before and unusually large audience on Monday evening, in the Methodist Episcopal Church, on Powell avenue, Rev. George Bayha, of Gallitzin, pastor of the church, gave an illustrated lecture on the isle of Java, showing in pictures and with word of mouth, the homes, occupations and pastimes of the people and the manner of living of the natives.

Rev. Bayha will give another illustrated lecture on next Monday evening to which the public is cordially invited, and especially, the school children, as they will be afforded the opportunity in these lectures of securing much, that will be of benefit to them in their studies of the coming months. No admission is being charged for the lectures.

**NEW MEDICAL DIRECTOR TAKES CHARGE OF STATE SANATORIUM**

Dr. L. S. Stites the new medical director of the state sanatorium, who succeeds Dr. J. H. Turnbull, arrived at the Sanatorium Wednesday from Nazareth, Pa., and assumed charge. He had been attached to the Pennsylvania department of health for a number of years and is an authority on the treatment of tuberculosis. Mrs. Stites and family will arrive here in a few weeks. Dr. Turnbull and family will make their home in Harrisburg.

**RED MEN TO MEET SATURDAY EVENING**

The local home of the Red Men will be the scene of a gathering of Red Men from eleven counties of Central Pennsylvania tomorrow evening, at which time the Red Men's Central Pennsylvania Association meets. The members of this association come from as far west as Johnstown and as far east as Lewistown and from the counties of Cambria, Somerset, Bedford, Indiana, Clearfield, Blair, Center, Juniata, Huntingdon and Clarion. It is expected that there will be an unusually large turnout of the members as business of importance will be before the body at this time for action.

**YAHNER—McDERMOTT.**

Wednesday morning in the St. Francis Xavier's Catholic Church on Powell Avenue at a high nuptial mass, Rev. James Graven spoke the words that united the lives of two of the most estimable young people of this community, at which time Miss Margaret Yahner became the bride of Mr. James McDermott, of Hoguetown. Miss Yahner attired in a creation of white can crepe, with picture hat to match attended by a sister of the groom, Miss Mary McDermott, who was attired in a beautiful pink canton crepe dress with hat to match and who carried a bouquet of pink roses, Miss Yahner carrying a wonderful shower bouquet of bridal roses. Mr. McDermott was attended by a brother of the bride, Mr. Joseph Yahner and both fore the conventional black. Immediately following the ceremony at the church the bridal party with invited guests were entertained at the home of the brides parents, Mr. and Mrs. P. C. Yahner with a bridal breakfast, following which the bride and groom left in the latter's car for an arland trip of the Eastern cities. On their return they will reside in Lewis where the groom is employed.

**Baseball Tomorrow**

Cresson has been without any real baseball for the past two seasons and will be given an opportunity of witnessing a first-class exhibition next Saturday, the 15th, at 3:30 P. M., on the P. R. R. grounds when the Johnstown Telegraph and Signalmen meet the Sankertown team in the first of a three game series.

Sankertown has been playing some real baseball this season and are sure to put up a real fight while the Johnstown T. and S. team have only lost one game this season. They have defeated Derry in two games, East Liberty twice, Pitcairn, Bolivar, New Florence and the Conemaugh Firemen. They lost to the Conemaugh Division 6 to 2 on the Freeport Grounds.

The Johnstown T. and S team is composed of employes of the Telegraph and Signal Department of the Pittsburgh Division and include some of the best amateur players between Altoona and Greensburg. Frank McTague has been holding down the shortstop position and Paul Quinn of Gallitzin has been doing the catching. The following Johnstown men are also putting up a good brand of baseball for the Signalmen—Freddie Thomas, Beaujon, Mabon, Keelan, O'Connor and Wherry.

Arrangements have been made with the C. & C. Division authorities for the use of the P. R. R. Athletic Field and a good crowd is expected.

**RECEPTION FOR NEWLY-WEDS**

Mr. and Mrs. C. A. Criste, of Munster, on Sunday, tendered a reception to their son, Joseph, who was recently married to Miss Sutton. Covers were laid for twenty-eight, and the newly-weds were accorded a royal reception on their arrival at the parental home.

The bath rooms are keene cemented, with necessary fixtures. The kitchens have hot water tanks, combination sink and wash tub, cupboards,—in fact the apartments are complete. The building is well heated from a central plant.

Solsson Brothers put in the steam and plumbing work, and an inspection will show how well it was done. Joe Cosentino did the plastering, keene cement, concrete and stucco. G. W. Harlin did the papering in fine style. Charles A. Weise, the well-known painter, did the painting with his usual skill. Many of the other contracts were performed by out-of-town people.

We submit the building as an up-to-date structure for the town.

Who turned off the lights when the fashionable party was at its height and what happened? See "Missing Million" at the Diamond Theatre, Tuesday Nov. 8.

### NOTED PHYSICIANS ARE GUESTS AT SANATORIUM

Nine distinguished physicians, representing the health section of the League of Nations, arrived here on the noon train Sunday and spent the afternoon going through the wards of the Cresson State Sanatorium, which they have selected for study as a model institution for the treatment of tuberculosis.

The physicians are touring the world, stopping at the principal health sanatoriums and making a thorough investigation of the method of treatment, preparation and dispensation of food and the manner in which patients are taken care of.

A conference of the visiting medical men was held Sunday evening, among which were Dr. Charles H. Miner, secretary of the state health department, and Dr. W. G. Turnbull who, until just recently, was in charge of the sanatorium here. The conference was in charge of Dr. H. A. Stites, medical director of the sanatorium.

say! an hour in church would not spoil it any. I know Dad a lot of the fellows who go to church are not so unselfish as you are and lots of them swear and would not help a fallen brother as readily, as you would or a fallen sister as quickly and kindly as you would mother. But after all where did you learn to be so kind and considerate and where did all our best laws come from, I mean the laws of society in general, those which form the rock bottom of present day civilization. Why Dad even those who do not believe in the fundamentals of the Bible viz: The Omnipotence of God, the Creation of the Earth miracle, including the resurrection of Christ and his ascension and the descension of the Holy Ghost, have only to compare the christian countries with the unchristian to note that all advancement through science and education has taken place more quickly in countries that have accepted Bible teaching. One has only to read the 21st, 22nd and 23rd chapters of Exodus to realize that the laws given to the Israelites are the same that enable us to live in present day safety, and one must see the homes in general in which the Bible is used as a solver of problems and a guide to right thinking and a comfort in times of trouble and adversity are the homes in which there is always an abundance of happiness. The Bible is given us through the church and who can the better explain its passages than the men who acquire their knowledge through steadfast research. If we believe that civilized laws then have been scattered abroad by the voice from the Pulpit ought we not to each attend some church and help in its upkeep as long as we live and thus make it the stronger? Especially now when the younger generation enjoy so many privileges with so little effort on their part are apt to wish to jaunt and sport on Sundays, ought not we older ones to attend our church more than ever and encourage the young ones to spend with us a few hours a week in fellowship with each other. They deserve and need their recreations but they need kindly and unselfish minds also, so that not only they but those around will enjoy their company and thus add to the number of friends and considerably so to their happiness. Besides you know, if this be true that I have written, we owe it to our future generations to be able to hand on to them what has been given to us through the church, Christianity and its advantages. For if the church passes the time would soon arrive when it would be a case of every man for himself and the devil take the hindmost. So please Dad make a new start, the first day I know would seem kind of hard, after staying away so long, but I know Mother will go with you because mothers will ask her any way.

Messrs. Clifford Sellers, Gaythorne Bland, Harold Boland, James B. Gauntner, C. A. Adams, Eugene Glass, Wilford Platt and Joseph Chieles were nominated as delegates to the convention. The vote resulting in the selection of Messrs Sellers, Bland and Gauntner.

## GOOD TRAIN SERVICE FOR PUPILS ATTENDING SCHOOL

In connection with the opening of the summer outdoor school at Wildwood in the Mountains, under the direction of Miss Zeta Durbin, of this place, and Miss Sara Gallagher, of New York City, assisted by Miss Alma Cramer, of this place, students from Altoona and Johnstown and intermediate stations arrive in Cresson in time to take the train leaving at 9:30 A. M., returning to Cresson in time to make connections East and West on a train arriving at 4 P. M. Those who are taking only the afternoon sessions of the school, which includes the supervised play ground work and swimming lessons, take automobiles from the Landis Taxi office, leaving Cresson at 12:45 P. M. and return to Cresson at 4 P. M. on the train. Students are being accepted at any time for either the morning session or the afternoon session. The rates of tuition being \$3.00 per week for the double session or \$2.00 for the afternoon session.

Living in the outdoors with the careful training of competent outdoor playground instructors, will improve both the mind and body of the pupils and that the school will be a success is evidenced by the enrollment to date.

# Council Of Defense

5/16/41  
**TO HOLD MEETING TUESDAY  
EVENING AT 8 O'CLOCK**

Following the request of the Governor of the State, the Burgess has appointed the following residents as members of the Cresson Council of Defense:

E. A. Aurand, E. C. Bishop, Dr. A. M. Bergstein, S. T. Cawley, J. J. Connell, R. L. Chaney, A. L. Hunt, W. P. Harris, W. A. Hertzog, J. D. Jones, R. J. Kenny, G. u. Ketenheim, G. M. Lang, J. E. Lowmaster, L. J. Lieb, Dr. J. A. Lynch, J. E. McTague, W. B. Moore, J. W. Morgan, H. Mellon, Hon. J. H. McCann, Jas. O'Malley, P. P. Parrish, S. T. Runzo, F. K. Shields, Homer Schettig, J. R. Trexler, Bernard Traino, B. H. Williams, J. B. Wagner, Denver Wharton, Ernest Yanssens, Mrs. A. N. Baird, Mrs. August Nileski, Mrs. R. B. Weakland, Mrs. C. L. Warner.

The Council will hold its first meeting for the purpose of organization at 8 P. M., D. S. T., Tuesday, May 20th, in the local Borough Council chambers.

Some of the purposes and workings of such a council, as stated by the Governor, are quoted below:

The General Assembly of the Commonwealth of Pennsylvania enacted in March, 1941, the "State Council of Defense Act" and on April 17th Governor James proclaimed the State Council of Defense to be in existence.

Section 6 of this Act empowered each political sub-division of the Commonwealth—City, county, borough and town, to establish a Local Council of Defense by proclamation of the executive officer or governing body thereof. Such Local Councils of Defense are requested to co-operate with the State Council of Defense in the Civilian Defense Program of the Commonwealth, so that the entire state of Pennsylvania may achieve its maximum strength and power at this time of danger.

The establishment of a Local Council of Defense is necessary to insure Civilian defense. It includes a great variety of activities whose purpose is to protect the people, their work, their homes, and their morale. The War Department invites all defense measures into two groups, "Active" and "Passive." The Local Councils of Defense should organize the "Passive" measures of defense. Therefore, it is important to understand the distinction. "Active" defense includes all those measures which are carried out by the regular organized military forces, the Army, the Navy, the Marine Corps and the Coast Guard. "Passive" defense includes all other measures which are necessary to protect the mass of citizens, including health, fire protection, lines of communication, property, protection against subversive activities, and civilian patriotism and morale.

Local Councils of Defense are the

## Weddings

STATES—HOWELL

Miss Mary Catherine Howell of Church Street, Gallitzin, became the bride of Eugene States of this place at a wedding ceremony Tuesday morning in St. Patrick's Church, Gallitzin. Rev. Father Joseph Farran read the wedding service and also celebrated the nuptial high mass.

Attendants were Miss Mary Koons and Lambert Hines of Cresson. The bride wore a powder blue street dress with white accessories and a corsage of white roses, and Miss Koons had on a dark blue dress with powder blue accessories and a corsage of yellow tea roses.

Following the ceremony a wedding breakfast was served at Ercullian's Grill, with covers being laid for 20 guests. Mrs. States is a graduate of Gallitzin High School, class of 1939, and has been employed at Reed's Drug Store. Mr. States is a graduate of Cresson High School, class of 1939, and is employed by the Pennsylvania Railroad.

After a wedding trip to Pittsburgh the couple will reside in Cresson.

## Dr. Stites Attends Tuberculosis Event

Dr. Thomas H. A. Stites, medical director of the Cresson Sanatorium, was in Philadelphia yesterday to attend a meeting of the Tuberculosis Advisory Board of the State Department of Health. The meeting was called by Dr. John J. Shaw, state secretary of health, for the purpose of discussing the tuberculosis situation in Pennsylvania and announcing increased facilities for the sanatorium care of the victims of tuberculosis. Dr. Shaw has announced the absorption of all waiting lists for the first time in the history of the department.

This condition contrasts strikingly with the situation on September 1, 1932, when there were 1,611 names on the combined waiting list. A member of the Tuberculosis Advisory Board is Dr. William G. Turnbull, former medical director of the Cresson Sanatorium and now superintendent of the Philadelphia General Hospital.

## MEETING IN EBENSBURG

There will be a meeting in the Court House on Monday evening, May 19, at 7:30 E. S. T. to discuss the Referendum on Wheat Marketing Quotas which is to be held on May 31, 1941. Everyone interested in learning about the Referendum and anyone who might be eligible to vote in it are invited and urged to attend this meeting.

## Formerly In Business In Cresson Before Going To Altoona

George F. Sheraw, aged 47, of 9th Street, Altoona, prominent civic and business leader in Altoona for the past decade died at his home at 2:55 o'clock Monday morning of a heart attack after a little more than an hour's illness.

Mr. Sheraw was apparently in his usual health when he retired Sunday evening, having attended services at the First Presbyterian church both Sunday morning and evening and taken a drive to Cresson and visited his brother Mr. James Sheraw.

George F. Sheraw

## In Altoona Ten Years

Mr. Sheraw had been a resident of Altoona for the past ten years, going to Altoona in 1931 from Cresson. His business was first located at 1409 Thirteenth avenue, then at 2200 Beale avenue and since 1937 at Green avenue and Eighth street, where he held the dealership for Dodge and Plymouth cars as well as the distributorship for the same cars over a three-county area.

Mr. Sheraw entered the automobile business in 1917 as a young man in Yukon, Pa. His success was rapid and his rise in the field steady and in 1925 he located in Cresson, remaining here for six years. His ability was given national recognition when he was named to the Dodge dealers' advisory board, made up of outstanding dealers and distributors throughout the country.

In addition to his automobile interests Mr. Sheraw conducted the Logan Oil company, distributing Tydol products, with his service station located at Green avenue and Seventh street and other distributors located throughout the city of Altoona.

## Active In Civic Affairs

His civic interests and activities included membership on the Altoona Chamber of Commerce board of directors of the Altoona Trust company with which he was serving his third term and membership in the Altoona

National United Service Organization Campaign for the district of Cresson, Sankertown and Boroughs and Cresson Township. These municipalities be in join with the Cresson County for the work in connection with the U. S. O. Campaign, but also continue as one unit of defense.

## Unveil Plaque At Sanatorium

The unveiling of a bronze plaque for Miss Eliza C. Allison took place Sunday afternoon at 3:30 o'clock at the state sanatorium. It was unveiled by Miss Bertha Grog, a nurse who had trained under Miss Allison, and Harry McGraw, chief orderly. General Reynolds, chief of the tuberculosis board of control, accepted the gift from Regina Koon. Dr. Stites spoke on the life of Miss Allison and her devotion to the patients. Miss Allison came to Cresson in October, 1912, about two months before the sanatorium was opened. She remained at the institution until 1935, when she was dismissed for political reasons. Miss Allison was originally a directress of nurses in the sanatorium when Dr. W. G. Turnbull was medical director. Miss Allison helped with the first school for children there in 1914. She went to Los Angeles, Calif., from Cresson. Miss Allison died a year ago. Dr. Stites and his committee received funds for this plaque by donations given by people who were grateful to Miss Allison for her great work and kindness.

### STARTED WITH ACCIDENT

Anna Marie was always rushing headlong into situations and landing on her feet. In an accident she landed in Peaceful Valley. She bought a house—just because it was for sale—she settled down to run a combination gift shop and circulating nursery. Then she encouraged a young whimsical man—and discouraged her sincere fiancé. What happened? Read "Madcap" by Jeanne Bowman, a great love story that is yours complete at no extra cost with the Pittsburgh Press next Sunday.

## Attends Kitchen Planning School

Mr. C. B. Soisson has returned from Warren, Ohio, where he attended the Kitchen Planning School conducted by Youngstown Pressed Steel Division of Mullins Manufacturing Corporation, manufacturers of YPS kitchen cabinets and cabinet sinks. This

gressman of a half-born nation, met in solemn conclave at Pennsylvania City to adopt a standard for their cause.

Their entire nation had then a population scarcely one third that of Pennsylvania today; their flag though it be seven red and six white stripes had in its field of blue a sea of 13 stars—the United States of 1777.

Tomorrow—after more than a century and a half after the adoption of 35 more white stars—Cresson, Pennsylvania and the nation will commemorate the adoption of its flag.

Today—as the existence of the Democracies is being tested on the field of battle over most of the Eastern Hemisphere—our flag and our Democracy should mean more to this FLAG DAY than ever before.

Let us—the Citizens of Cresson show our patriotism and love for Old Glory by displaying wherever possible the flag of our Country.

## Wedding Bells

There will be plenty of laughs and thrills for the home fans. Giants also give you the famous shadow ball exhibition.

## Rotarians Entertain Ladies Last Night

Affair Held At Summit Country Club—Many Attend

The Rotary Club of Cresson held their annual ladies' night party at the Summit Country Club on Thursday evening, June 19th and a gala time was had by everyone. Practically all of the local Rotarians and their wives were present, as well as a number of their friends, and approximately fifty Rotarians and their wives from Johnstown attended. After partaking of a very delicious turkey banquet, President C. B. Soisson welcomed the friends of the Cresson Rotarians and the Johnstown Rotarians for their very fine turnout, and he expressed the appreciation of the local Club to the Johnstown Rotary Club for their display of interest in Cresson's community affairs. The President then introduced the President-elect of the local Club, W. A. Hertzog, who will take office on July 1st. It was interesting to note that in introducing President-elect Hertzog, Clete informed them that "Bill" was one of his teachers during his school days. The President-elect responded in a very excellent manner, and if speaking ability is any indication of success as a President, "Bill" will certainly have a very successful year.

The program was then turned over to Denver Wharton, the chairman of the program for the evening. Denver dispersed with any further speaking and proceeded to conduct a drawing for the door prize, which was won by Rotary Ann Rosa Warner. Favors were then distributed to all ladies present. The entertainment was given by the "Elaine, James & Judy Musical Review", which consisted of a Western entertainment. The troupe put on several acts in which they illustrated the art of roping and cowboy music. All of which was very well received by the Rotarians. The balance of the evening was given over to dancing to the music of "Irvins" orchestra of Altoona, Pa. All in all a most delightful evening was had by everyone, and the committee in charge are to be congratulated and commended for their successful work.

## \$35,000 Provided For Cresson Land

State To Purchase Coal Under Sanatorium Grounds

The Senate passed and sent to the House Tuesday for concurrence a bill to: Appropriate \$35,000 to the Property and Supplies Department to acquire title to coal underlying lands of Cresson State Sanatorium in Cambria and Blair Counties to insure adequate support for buildings of the institution.

Only a small acreage of coal land is involved. In addition to the coal underlying present buildings at the institution, the present bill also would provide for purchase of coal lands underlying proposed sites for building extensions at the sanatorium.

## Special Services At M. E. Church, Sunday

The pastor of the Methodist Church announces services for next Sunday as follows: Morning services at 10:45 when the pastor will speak on the subject "Music In Unexpected Places". In the evening a group of eight men from Johnstown, known as the Conemaugh Y. M. C. A. octette will be present and sing several numbers and Rev. Earl C. Bowser, former radio preacher, now a member of the Cresson church will be the speaker of the evening.

**Plan Additions For Sanatorium**

If present plans mature, certain much-needed additions to the Cresson Sanatorium will be built in the near future under the sponsorship of the General State Authority, according to Dr. Thomas H. A. Stites, superintendent of the institution.

Dr. Stites, speaking before the Hollidaysburg Kiwanis Club this week said that a nurses' home, installation of the latest equipment for a complete surgical department, and new quarters to take the place of outlying cottages are among the proposed improvements. Completion of the new program, he said, will slightly increase the capacity of the institution. At present 850 patients can be accommodated.

## Paralysis May Be On The Wane In Cambria County

### 15 Cases Reported In The County With 8 In Johnstown

Precautionary measures are still being maintained in the local four-county area to stop the spread of infantile paralysis which made its outbreak in Cambria County about two weeks ago.

The total number of cases in the county are now recorded at 15, with 8 being in the city of Johnstown.

All churches, theatres and other public places are placarded with signs forbidding children under the age of 16 years from entering. No violations have been reported.

In Indiana county, Cherry Tree Borough schools which opened on Tuesday September 15 because a number of Cambria County students attend classes. Other schools in Indiana County similarly affected were those in Brush Valley Township, Armaugh-East Wheatfield Township and Bucington Township.

### Outlook in State

Opening of Pennsylvania's 14 teachers Colleges was set back until September 22 due to the outbreak of infantile paralysis. The state teachers colleges, with a total enrollment of 3,430 last year, were scheduled to open next Monday. The colleges are located at Bloomsburg, California, Clarion, East Stroudsburg, Edinboro, Indiana, Kutztown, Lock Haven, Mansfield, Millersburg, Shippensburg, Slippery Rock, West Chester and the Cheney Training School for Teachers.

Some 300 cases of the disease have been reported in 41 of the state's 67 counties with York hit hardest with 85 cases. Twenty-four deaths have occurred from the malady.

New cases of the disease were reported this week in Clinton and Northampton counties.

## Nation's Stores Unite In Savings Stamp Week

A million stores from coast to coast are selling Defense Savings Stamps, and Cresson merchants likewise are joining the movement. The dates of September 15 to 20, inclusive, have been set aside to be known as "Retailers for Defense Week."

Beginning that week it is planned to have the cooperation of all retailers

## Red Cross Instructors Course Begins Sept. 29

### Industries And Organizations Are Urged To Take Part

The following letter has been sent out to all Industries, Organizations, Retail and Wholesale Firms, and other business concerns in Cambria County.

Our government has declared a state of National Emergency. The American National Red Cross, in close affiliation with the Army, Navy and State Departments, and fully recognizing this emergency, is working to prepare our civilian population for any crisis which may arise. Working through its local Red Cross Chapters, a program has been outlined for Community Defense. Preparedness, through local civilian training in First Aid Work.

Your Cambria County Red Cross Chapter has some 60 volunteer Red Cross First Aid Instructors, who, during the past year, have trained some 1750 persons in First Aid. We feel, however, that we have barely begun this work. It is imperative that all our City and County population receive this training, and our limited time and instructor personnel necessitate the further division of this work.

We should like all industries, organizations, retail and wholesale firms, and other business concerns to select from their personnel an adequate number of employees whom we may train in Red Cross First Aid. They will then become key men in their organizations, and in turn can train their fellow workers in this vital work.

It would be necessary for these employees selected by you to receive training in a 20 hour Standard First Aid course, and a 10 hour Advanced course. They would then be eligible to take the 15 hour Instructors course under a National Red Cross representative from Washington. This instructors course has been planned for the late fall, beginning September 29th. They would then be qualified to teach Red Cross First Aid work to their fellow employees.

In selecting these key men, we would ask that you keep in mind not only their possible qualifications as First Aiders, but also their ability as Instructors. We have found from long experience that a good First Aider does not necessarily mean a good Instructor. Also, in any instance where a man has a Bureau of Mines certificate, the taking of the six or seven additional hours required by the Red Cross will qualify him for a Red Cross Standard certificate.

## State Plans To Enlarge Local Sanatorium

### Four Major Improvements Are Contemplated—Nurses Home

While the matter of priorities is causing considerable delay to its inception, by reason of the national defense program, the state of Pennsylvania has completed plans for the expenditure of upwards of a half million dollars for the enlargement of the state tuberculosis sanatorium here.

"While the allocations have been made for these much needed improvements, we are experiencing trouble in getting the projects started," said Dr. Thomas H. A. Stites, superintendent of the sanatorium. "This is to be expected, due to the demand for steel and other materials and priorities rights in the defense program."

Four major projects are contemplated, while in addition numerous other improvements, some in progress at present and others planned for the future, are to be made to provide increased facilities for the institution.

### Plan New Building

A two-story stone structure, with basement, to provide an additional capacity of eighty beds for patients at the sanatorium, is the foremost project on the schedule. This building will be 163 feet long and 72 feet wide at its central dimensions and 40 feet wide at its ends. It will cost \$180,000.

Next in the proposed improvements will be the establishing of a surgical department in a two-story building used at present to house patients. This will require an expenditure of \$50,000 and will comprise two operating rooms and facilities for twenty-six beds to house patients in the surgical ward.

In providing a surgical department, the sanatorium will be given a department long needed by the institution. At present patients who require operations have been taken to the state sanatorium at Hamburg or to one of the nearby hospitals.

### Home for Nurses

A nurses' home is to be constructed and will be parallel with the present administration building. This building will be two stories and will be stone and fireproof. Facilities for housing seventy-five nurses are planned. This structure will cost \$125,000.

Additions and improvements to the power plant of the institution, with a new 600-horsepower boiler and a new generator, the latter to augment the present two generators, will cost approximately \$125,000. Remodeling of the present power house also is scheduled.

Beginning that week it is planned to have the cooperation of all retailers to place Defense Savings Stamps on sale in their stores. Display material can be secured at the local postoffice.

Michigan was selected in July as the test state for the sale of Defense Savings Stamps in retail stores. The results were so outstanding that at present in that state over 22,500 retailers are participating.

Defense Stamps may be purchased in these denominations: 10c, 25c, 50c, \$1.00 and \$5.00.

## Country Club Fair And Carnival At Somerset, Sept. 13

Somerset, centering the varied activity of the county, will sponsor an all-day country fair and carnival party to be held at the Somerset Country Club, September 13, 1941. Favorably impressed by an ever increasing public interest in this section of the state, the Chamber of Commerce and the people of Somerset are making elaborate plans for the visitor's pleasure at this autumn festival. Arrangements have been made with local and state police to alleviate traffic congestion, and almost unlimited parking space will be available at the club. The fair will provide many country fair attractions, but more specifically will offer a number of displays peculiar to this locality. There will be a maple sugar camp where those attending can see and participate in the ac-

tion. It is imperative that all our City and County population receive this training, and our limited time and instructor personnel necessitate the further division of this work.

We should like all industries, organizations, retail and wholesale firms, and other business concerns to select from their personnel an adequate number of employees whom we may train in Red Cross First Aid. They will then become key men in their organizations, and in turn can train their fellow workers in this vital work.

Also, in any instance where a man has a Bureau of Mines certificate, the taking of the six or seven additional hours required by the Red Cross will qualify him for a Red Cross Standard certificate.

We are therefore appealing to all industries and organizations in Cambria County for their cooperation in this vital Home Defense work. The placing of key men, trained and qualified as Red Cross Instructors, in all our industries, organizations, plants, and stores, with the additional work of our present volunteer Red Cross Instructors, will, we firmly believe, assure us a First Aid trained County, prepared to meet any emergency which may arise. This program places your concern under no obligation other than the individual obligation of the men selected to attend and complete their course. It will also be of inestimable value to you in its accident prevention work, in lessening the number of fatal accidents, and the shortening of time lost from accidents, through proper and immediate care at the time of the accident.

As in all disaster work the American Red Cross foreword is "Preparedness", as in our National Defense work our country's foreword is "Preparedness", so will our communities in Cambria County have as their foreword "Preparedness". Preparedness to meet emergency or disaster, whenever or where ever it may come, calmly and sanely, in organized and unified groups, First Aid trained and First Aid efficient.

We trust that you will give this your earnest consideration. Your reply, signifying your interest in furthering this work, may be mailed to the Cambria County Chapter, American Red Cross, 430 Lincoln Street, Johns-

The present capacity of the sanatorium is 840 beds, Dr. Stites said recently. When the enlargement operations are completed, the capacity will be 920 beds.

## Penny Railroader Dies Very Suddenly

Peter F. Nable, 45, of Pittsburgh, a  
fireman of the Pennsylvania Railroad,  
died suddenly of a heart attack early  
last Thursday morning in a railroad  
telephone booth near the Cresson sta-  
tion. Nable, who was a veteran of  
the World War and a former resident  
of Portage, had gone into the booth  
to call for orders.

He failed to return to his engine and  
the engineer did not investigate, be-  
lieving that Nable was awaiting or-  
ders. Ten minutes later Levi Lilly, a  
brakeman on another P. R. R. freight  
train, also went to the booth to use  
the telephone and found Nable on the  
floor. Dr. H. T. Pridcaux was sum-  
moned and said death had resulted  
from a heart attack. Coroner Patrick  
McDermott also conducted an inves-  
tigation.

Peter F. Nable was a son of Peter  
and Edna (Stager) Nable and was  
born in Germany. During the World  
War he served three years in the  
United States Navy. Surviving are  
his widow, Mrs. Emma (Zockoll)  
Nable of Pittsburgh, and a sister, Miss  
Irene Nable, a teacher in the Portage  
schools.
