**EXTENSION OF SUN TREATMENT FOR PATIENTS AT SANATORIUM**

The following announcement was made this week by the state health department at Harrisburg:

The state department of health is receiving bids for the construction of open and glass-enclosed solariums, which will be built as an extension to the east ward of the Cresson State Tuberculosis Sanatorium.

**Sun treatment** of glandular and bone tuberculosis has been successfully tried in various sanatoriums by specialists who have devoted a lifetime to the study of this disease. It is not claimed that this treatment is a cure for pulmonary tuberculosis, but it does have a very important place as one of the vital elements of body building.

The solariums will have a total floor area of 1,445 square feet, with 1,200 square feet of open porch and the rest glass-enclosed. Each of the 700 patients at the Cresson sanatorium will have the advantage of sun treatment at regulated periods. The building will have a total glass area of 1,200 square feet and it is so constructed as to get the maximum amount of sunshine. The native stone facing the solarium will be taken from the mountains within a few hundred feet to the main building at Cresson.

This addition to sanatorium facilities is more than justified it, by the aid of sun treatment, patients can be returned to an active citizenship in a shorter time than heretofore, thus making it possible for the state institutions to care for a greater number of patients in a given period of time.

**Sun Treatment for Everybody**

Quoted about the above announcement, Dr. Turnbull, superintendent of the Cresson Sanatorium, said: "This solarium will, I am sure, make possible an extension of the "sun treatment" to bed patients without having them lie in or across the lawns. We have been gradually increasing the sun treatment of the patients here during the last two years," said Dr. Turnbull, "and the patients have been most enthusiastic about it."

Walter Jacknow and family moved into their new home on East Michigan Avenue last week.

Mrs. M. Knaur was visiting her relatives at Philadelphia last week.

AFTER SERIOUS WRECK

Mr. and Mrs. Parren have Class Car
in Accident Near South Fork

South Fork, Aug. 24—Mr. and Mrs.
Charles Parren and little son had a
narrow escape from death last night
when the touring car in which
they were riding was struck by a car,
driven by a party of alleged joyriders
and thrown from the road.
The accident happened on the Dallas
Lovett road near Dallas about 9 o'clock
in the evening. Mr. Parren was driv-
ing at a speed of about 20 miles
per hour when the other car, it is
allowed reasoning without lights and at a high
rate of speed, came from the opposite
direction. Before he could reach the side of the road the highspeed car
smashed his machine fairly and turned
from the road, where it exploded with a
fire. Mr. Parren was thrown against
the steering wheel, the force being so great that the steering post
was badly bent. Mr. Parren was
thrown against the windshield, yet
avoiding several brokens and was
painfully bruised. Their son was rid-
ing in the rear seat and was not in-
jured. In the meantime the joyriders
continued on their way and several
other cars had narrow escapes.
The Parrens were brought to South
Fork, and Mr. Parren, with several
friends, returned to the wrecked car
and set to work to remove its fittings. It was a new machine and had been in service only
two months. When the party arrived
at the scene of the wreck, they found
that thieves had removed these of the
tires and rims, the storage battery;
shockers, globes from the dash, clock and headlights, all of the
lock and, in fact, everything that was
worthwhile. Police are working on the
case and it is anticipated that arrests
will be made soon.

The Right Hand band, of Johnstown, under the direction of George Friedel, and accompanied by officers and members of the Right Hand Musical Association, came here in automobiles Sunday and gave a concert at the Sanatorium.

The party arrived at about 4:30 p.m. and after playing several selections the members were guests of Medical Director and Mrs. W. G. Turnball and Mrs. E. C. Allison, head nurses. At an impromptu reception, light refreshments were served.

The band then played several additional selections and the party left for Johnstown at about 6:30 p.m. The notes which made the trip were sung by Paul Krut, Ralph Cooper, Alfred Schriner, D. P. Walker, M. J. Branch, Robert Owen and Mr. Hammers.

A BLESSING IN DISGUISE

Mr. Hammers rubbed his hands全力打造. "Mr. Hammers" he called. Mr. Hamps, an assistant, came in from the next room.

"Humph," said old Hammers, that fool of an office boy, now he failed to love with my pretty secretary. "I'm sorry, sir, what shall I do? Fire the boy?"

"Fire the boy?" ruled Hammers. "Never! I hope he remains true to her. From the first time since he's been here he's always handy when we need him."
Cann, Large Sale Is Held at Sanatorium

Christmas

Articles Made by Occupational Therapy Group of Patients Bring Good Prices—Patient, Study at Work.

The recent annual Christmas sale of articles such as baskets, linens, goods, and work, etc., fashioned by patients of the sanatorium, was held during the week ending Nov. 23.

The sale was marked by good prices, the various articles being purchased by visitors and others who looked over the display in a room at the administration building. The work indicated a high degree of industry and a high output.

Occupational therapy is one of the important methods of treatment at the Crescent Sanatorium. Patients with broken limbs on their hands and who are in fair physical condition are given work to do—work that is purely creative—and this work, which serves as a means of recreation, is carried on as a regular part of the treatment.

The primary aim of this comparative success method, aside from the development of skill of hand and hand, is to make the patient mind away from himself.

In the basement of the east and west wings of the institution are the quarters of the "therapeutic group." The former are for adults, the latter for children. The casual visitor to these areas of industry during fall and winter is usually amazed at the skill displayed in making a hundred different sorts of things. There are all varieties of baskets, trays, glass holders, vases, etc., in reed and rattan work, marently painted or otherwise decorated. Knitting is in great demand, as well as weaving, whatever, millinery, gloves, boxes, etc., being made by both men and women.

There is a carpenter working on the floor who is a real craftsperson, and whose work is of the highest quality. The patient, working under the direction of the occupational therapist, is being taught the art of carpentry. The work is being done with great skill and the results are most satisfactory. The patients are being taught to do the work as they desire, after similar articles have been made by them.

When the meeting opened, C. A. Cunningham nominated Dr. J. L. Paul, while G. E. Schrader placed in nomination the name of George M. Smith. After two ballots that resolved the tie the name of Mr. Smith was withdrawn, whereupon Edward Rees placed in nomination the name of John S. Wilkes, a former member of the council. Various motions again resulted in ties and council called off any further attempts to fill the vacancy.

**DIAMOND THEATRE NOTES**

**THE GREAT MOMENT**

Glen Swanson spent most of one day June in a rodeo hat in a rough cut during the filming of "The Great Moment," her first Paramount starting vehicle, written by Elmer Glyn and directed by Jack Wood, which will be the feature at the Diamond Theatre, Saturday, May 3.

This is the scene wherein she is presumably bitten by a rattlesnake and is in dangerous straits for some time. It was easy work to lie comfortably between the blankets and in the blanket to some of the really serious scenes of the play.

**THE GREAT IMPERSONATION**

When the audience saw the "The Great Impersonation," George Moxie's latest sensation production, which will be shown at the Diamond Theatre Tuesday, May 1, it will be on the wings of fancy in many different emotions of the old world. A jolly room in Oxford college opens the picture, which then cuts to a dose jinete in German East Africa and a dragon catch in a clearing. From those the title flashes to a Basque man in Vienna and English exterior. Then, the audience is carried into the interior of the Kaiser's secret war vault in the Berlin at a time just prior to the great war, when the Emperor was going up his nose box without music to conduct the world. Next are seen the quarters of the German Ambassador in London and sets representing offices in Scotland yard and other diplomatic headquarters. James Kirkwood is the featured play and Ann Forrest appears opposite him.

**SKIN DEEP**

MORE FORDS SOLD IN
MARCH THAN IN ANY ONE
MONTH IN HISTORY OF CO.

"More people want Ford Cars than
ever before A C Schecttie local Ford
dealer said today.

"Over thousand more Fords were
sold at retail in March than in any
one month in the history of the Ford
Motor Company, according to record
from Detroit. The March sales totalled
177,674 Cars and Trucks.

"For a whole year sales have been
running over 100,000 a month, bring-
ing a total of 1,629,073 Ford Cars and
Trucks into use in the United States
since April 1, 1922.

"Here in the Pittsburgh Branch
District of territory which this city is in a
past 12 months, the March sales were
4850, a big in-
crease over last year for the same
month. The demand for the Ford is
just as great proportionately right
here as anywhere else in the country.

"The company is now operating on
the great manufacturing schedule in
its history, so there are more Ford
Cars being built than ever before and
improvements in all the different types
make the Ford the best ever produced.

"And Ford Cars are now easier to
obtain than ever before because of
the new Ford Weekly Purchase Plan
which makes it possible for more
families to have a car. Father, mother,
sons and daughters all can partici-
pare in the plan and it is rather surprising
the number of families who are tak-
ing advantage of it so as to enjoy
the pleasures that come with automo-
obile ownership."

Claycomb Bros., were damaged by a
fire that broke out in the plumbing
mill early this morning. The loss will be
in the neighborhood of $10,000, it is
believed.

But for the timely arrival of the
South Forl Fire Co., it is probable
that the fire would have swept over
the thickly-built portion of Summer
hill or perhaps wrecked the town
almost completely. The fire in the
plant had a good start when discov-
ered and when the South Fork
firemen arrived it was too late to save
the structure.

Excellent work was accomplished
in saving the other buildings, in view
of the fact that the entire town was
in darkness. The fire burned down a
number of poles carrying electric cur-
cent and great danger existed that the
towers would come in contact with
live wire while fighting the blaze.

FORGED NAME OF PATIENT AT SANATORIUM AND GETS TERM IN FEDERAL PRISON

Pleading guilty for forging the signature of a patient at the Crescent Sanatorium to a government check, John J. Leonard, formerly a patient at the sanatorium, has been sentenced by Judge Robert M. White of the United States district court in Pittsburgh, to serve a year and a day in the federal penitentiary at Atlanta. Dr. Leonard was arrested in Massachusetts through the efforts of the United States secret service. Leonard was in one time in charge of the distribution of mail among soldiers at the sanatorium.

COALPORT GIRL KILLED IN WRECK OF AUTOMOBILE

A "showoff" of a type of a Chevrolet automobile containing 10 people Wednesday afternoon, near Ashtabula, over turned the car into a ditch and resulted in the death of Miss Margaret Kruse, of Coalport, aged about 25, who sustained a broken neck. Five of the other occupants had minor injuries, consisting of bruises, lacerations and cuts. The injured were taken treatment by Dr. A. T. Krumholtz of Ashtabula and Dr. Harry Comstock of Clarion Springs and later returned to their home in Ashtabula.

The automobile party left Ashtabula and was driving to Cleveland, where Miss Kruse, one of the party, has relatives. At a point about a fourth of a mile from Ashtabula, the Chevrolet "skid" a tire and the car left the road, overturned and pinned Miss Kruse beneath the machine.

Swiss Yo-Yoers will make their first appearance before a Chautauqua audience in the afternoon. This company of fire will present a program of genuine mountain fire-works, appearing in their original Swiss costume, all of the Swiss national dance, to the accompaniment of the Swiss mountains, appearing again in the evening for a short program preceding the lecture on "Out of Nationalism into Internationalism," as interpreted by that noted lecturer, Frank Dyer, whose subject will deal largely with the needs of the development of our great national resources and the conservation of all natural resources for the benefit of the future.

The program for the fourth day includes the Chamberlin-Brooks company, consisting of Miss Charlotte Chamberlin, entertainer and accompanist, whose work includes whirling and bird imitations and Miss Ethel C. Thomas, who is the composer of "Jade" and "Gillray," both popular piano numbers. Mrs. Marion Dallas Fisk will follow in the afternoon with her entertaining Carlson lecture, painting frosting and icing cakes as she tells her stories. Mrs. Fisk uses twenty shades of color in illustrating her story and talks. In the evening Frank Dyer will lecture on "World Building," following a short lecture on the same theme and in the same voice as will appear in the afternoon. Mr. Pearson is the former Commissioner of Immigration of the State of Ohio and is at present the editor of the Ohio Educational Journal and needs very little introduction to the majority of the people of Chautauqua.

On the afternoon of the last day there will be given the Junior Chautauqua's pageant, "Her Flag on Topiary," which will be rendered by the Junior Chautauqua, has given great promise as the best Junior Chautauqua town for the past three years and it is the common expectation that all of the children of this year's junior town will receive their laurels and add new rows to work and to the fame of the town in the same spirit of exceptionally high and entire children. This presentation will be followed by an entertain-ment mainly for the benefit of the children, but one that all will enjoy as it will, to the last song, bring back the days of youth, at which time Miss Eliza L. Schenck will enter into the spirit of the occasion. The evening of the last day will bring the production of the Comedy Drama, "Creased Wires," by a capable company of the Prestonians players under the personal direction of Jacques.

COMPLETE PLANS FOR FIREMEN'S CO-OP

Plans for the Firemen's Co-Op which will take place in the first and second week of August and 2, were discus-sed at a meeting of the Cambria County association which the parleys of the Fire Co. Thursday evening.

Supercalendars from prominent towns of the count-y were on hand, with Mr. Spangler, president, while Grow performed the duty. A surprise for the big convention was the announcement of a prize.
Hold Outing at Wildwood

The summer school which has been conducted at this place for the past several years by Miss Eliza Darby, one of the efficient instructors in the public schools of this place and who is being assisted this summer by Miss Graceville Gallogan, also one of the instructors in the public schools, has now reached the stage where arrangements are being completed to make it a permanent school and steps looking to the aquisition of a permanent site for the summer school purposes are now under way. The school has been given the name of Wildwood in the Mountains, and a lease will in all probability be acquired on the location of the former will improve site of the Old Wildwood Inn now near this place. On Tuesday the staff of the school, assisted by Miss Hurd's tenant, a student nurse from the William Penn Hospital in Pittsburgh, took the students to this spot in the hills of the Landis Taxi company and spent the day in swimming, games and instruction. Dock Lane, of Elizabeth, was in hand with his camera and took many pictures of the happy occasions.

The following students were present: Martha Harvery, Demetra Henry, Genevieve Strong, Raymond Denby, Marion Ross, Helen Cappel, John Ring, Fred Brownell, Margaret Mitchell, Clara Smith, Mary Agnes Callin, Robert Holcomb, Harold St John, Donald Landis, Frank Deubel, James Deubel, Regina Wehr, Mae Varasich, Katherine Garrett, Mary Varasich, Mary Stimson, William Helby, Thaima C. Landis, Stuart Currie, Russell Stackhouse, Lewis Connell, Leona Elgar, Elizabeth Lynch, Marie Wagner, Florence Spong.

During the present term instruction is being given for cottages to high and in the preliminary and intermediate departments. The school has grown with amazing rapidity. It is believed that many people from towns and cities at Pittsburg may be expected to take the advantage of this educational opportunity. The location is such that it can be reached in a half hour by the new street car and from the school grounds there is a view of the surrounding country. The school is in operation from the first of May to the first of September.

Did you enjoy the program given by the St. Andrew's Church last night? We know you did and we know you will enjoy this year's more.

In order that you will not be disappointed and have to pay single admissions, the ticket committee advises that season tickets should be purchased now. The price for an adult ticket is $2.00, children between the ages of 14 and 19 years $1 and a junior ticket $1.00. The ticket admits to 10 events covering a period of five days. Tickets are in the hands of all the parochial and the only place they need your assistance more than ever. When you are approached be prepared to buy one as the ticket committee will not make its first report next Monday.

Reduction of thirty to forty dollars is expected of the season ticket and the committee adds that there are more important events to come.

The program this year is one of exceptional merit. There will be 18 events consisting of music, entertainment and lectures.

SCARLET FEVER CASES

NORTH SHORE SANATORIUM

The scarlet fever ward at the state sanatorium at Summit was placed under quarantine yesterday as the result of a number of the children being ill of the disease. At present six children are suffering from the malady, and all of the cases developed in the last few days, it is reported.

The sanatorium officials stated today that no report of a case has been received from the state of New York, and that the case had not been closed to visitors.

The sanatorium is in good condition, and all the patients are in good health.

At present there are about 600 patients at the sanatorium, 250 of whom are children. None of the patients is seriously ill, physicians say.

IMPROVEMENT AT MOUNTAIN LAKE

In view of the fact that the Mountain Lake Park is under way and the resort is being converted to the use of the public, the committee on the improvements of the mountain lake park is under way and the resort is being converted to the use of the public.

The woods are being sliced and the trees are being cut. A baseball diamond and play ground will be provided.

The big swimming pool is in good shape, drawing large crowds and the construction of a swimming bath on the New Portage railway way will be completed.

This will greatly increase the facilities for getting to the park.
